

taking care of all activities on my behalf. Your communication is very prompt and your explanation about the places, Pandas and your convincing mail at the time of hijacking operations everything was nice & informative. It shows your personal as well as professional approach. Also it underlined that more than profit/money, you would like to earn more friends/goodwill to Travel Holidays.

Special appreciation to your Guide selection. His explanation about temples, konark and all the other places are informative and with his help I was able to explain my group a proper story/history before our visit to that particular place.

Finally, all our Members are happy and let The Great Jegannath give you/Travel Holidays a bright future, bright 2010 to serve more people like us.

Once again, thank for all the arrangements. Eager to meet you once again

Whenever u happen to visit Delhi , please give me a chance to receive you as my host.
